ACCESSIBILITY

Branksome Hall is committed to providing services in a manner that, as much as reasonably possible, respects the dignity, independence, integration and equality of opportunity of all individuals, including those with disabilities. In our ongoing efforts to strive for accessibility, the school endorses the Accessibility for Ontarians with Disabilities Act, 2005 and the regulations supporting this Act. We aim to ensure that people with disabilities are given the same opportunity as others to obtain and benefit from services offered by the school.
